

Smart Farmer - IOT Enabled Smart Farming Application

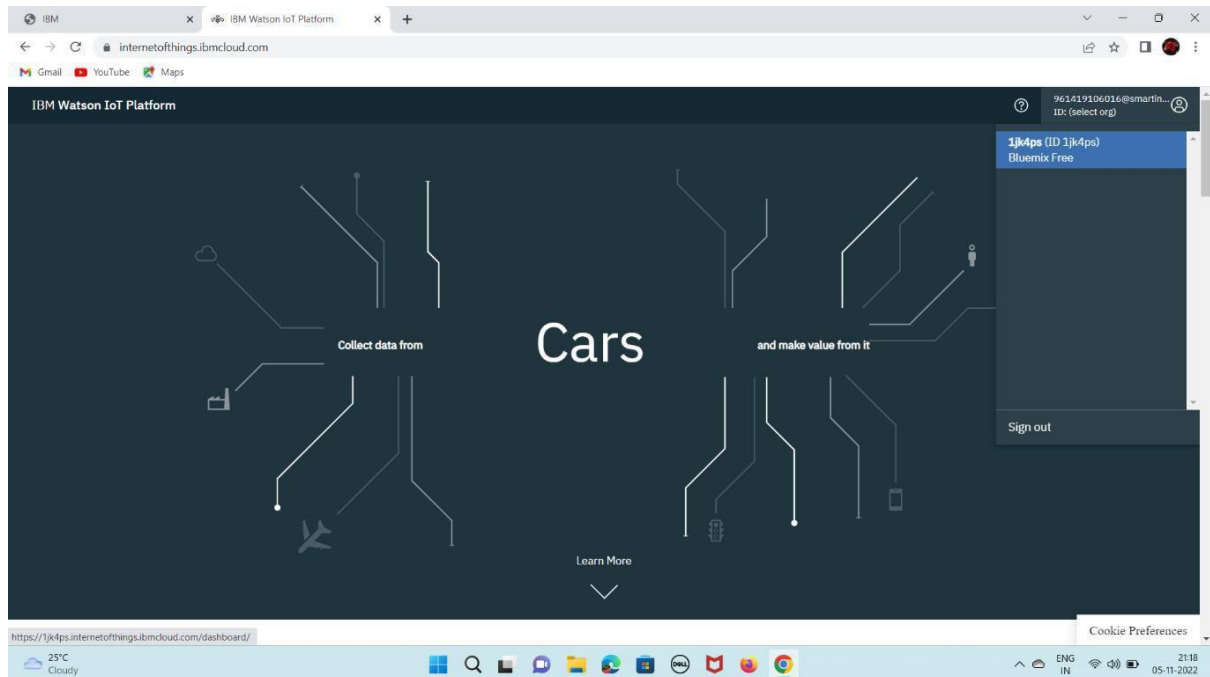

CREATE AND TO CONFIGURE IBM SERVICES IOT WATSON PLATFORM

Team ID	PNT2022TMID12161
Team Leader	RAGUL G
Team Members	AKILA A ARAVIND B GOKUL RAJA S

Step 1: Log in to the IBM cloud account and select dashboard then select IOT platform and click launch.

The screenshot displays the IBM Cloud IoT Platform dashboard. The top navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (Fenilda Riju R F's Acco...). The main content area shows the 'Internet of Things Platform-m3' resource, which is active. Below this, there's a section titled 'Let's get started with IBM Watson IoT Platform' with a 'Launch' button. Further down, the 'Ready for the next level?' section shows the 'IBM Watson IoT Platform Journey' with three stages: Lite, Non-Production, and Production. The Lite stage is currently selected and marked as complete.

Step 2: It will redirect you to IBM IoT platform where you need to sign in

Step 3: Sign in and select Bluemix and then you will find a tab where the new device can be created
